

Product range overview

The UK's
first choice
for plastic
products

- Roofing Sheets
- Rooflights
- Roof Ventilation & Drainage
- Cladding
- Flat Glazing

Proud to be the UK's first choice for plastic building products

With a national infrastructure and the widest choice of roofing sheet, rooflights, roof ventilation and drainage products available in the UK, it is clear why Ariel Plastics lead the way in providing specialist roofing and glazing solutions attuned to today's fast paced and competitive merchant trade counter environment.

Range Choice

Building on 60 years of industry experience, Ariel Plastics continue to evolve and grow the breadth and depth of its product portfolio to deliver a range that is ahead of its competition in performance, price and innovation.

National Infrastructure

Ongoing investment in its national sales and distribution infrastructure means that Ariel Plastics can work closely with its customers to supply the products they require, when they need them wherever they are located in the UK.

Marketing Support

Ariel is committed to providing continuous marketing support to all its customer with a comprehensive product guide, installation videos, display stands, eye catching point of sale materials and bespoke solutions.

Culture and Values

A respected company, Ariel Plastics endeavours to play a positive role as a responsible organisation that contributes positively to the communities in which it operates, minimises the impact of its business activities on the environment, provides a safe working environment, provides opportunities for employees, treats all stakeholders and partners with respect, and advocates good practice and behaviours.
